

## Message from CEO

**HSTC** delivered solid results and significant increases during one of the most challenging years in recent memory. HSTC believes in an innovation environment where excellence is expected. So our performance reflected the capabilities of people throughout our company. We have had many opportunities to stretch and learn while competing on a rapidly changing world stage.

**HSTC** playing a vital role to develop technology sector in Bangladesh. It gives me immense pleasure that high tech creating employment and export opportunities. Bangladesh is facilitating investments by creating investor friendly environment, providing speedy clearances and developing reliable infrastructure. Bangladesh is also encouraging application of IT in Government offices to bring about efficiency, transparency and to improve the delivery of public services. Bangladesh is capitalizing on the current IT evolution and has already secured place on the IT export map of the south-east Asia. This country is all set to become the leading "Technology Destination" of the east.

Government of Bangladesh has adopted multifaceted approach to provide best of the infrastructure, simplification of rules and regulations governing industry, efficient institutional mechanism and incentives to the Industry to promote convergence of Information Technology with frontier technologies like Nanotechnology, Bio-Technology, Mobile apps, Chip Manufacturing, e-Portal, Communication Technology, Robotics, Automations etc. as well as flexibility for setting up Technology Parks & IT Villages. HSTC have a clear direction for the Vision 2021. Despite current headwinds, we are excited about the possibilities we see for growth in developing markets and for a new era of sustainable mobility. Growth and trust are much more than business plan themes; they are essential imperatives on which HSTC's future.

We expanded our unique business services which combine our capabilities across management consulting, mining and mineral technology, EPC and business process outsourcing. Finally, I would like to congratulate all of customer & business partner of HSTC in boosting Energy, Telecom, IT and ITES sector in Bangladesh. I invite overseas entrepreneurs to make investments with HSTC to ensure work together and continue to sustainable growth.

Wishing the success & prosperity for everyone!

Sincerely,
